Effectiveness of working memory training, Barkley’s parent training program, and combination of these two interventions on improvement of working memory in children with ADHD

Protocol summary

Summary
Goals: The aim of the current study was to examine effectiveness of working memory training, Barkley’s parent training program, and combination of these two interventions on improvement of executive functions and decrease of clinical symptoms in children with ADHD.
Method: To do so, 36 participants with ADHD (aged between 6 to 12 years), from special clinic of Ebn e Sina hospital were selected by available sampling method. SNAP-IV, Child Behavior Checklist (CBCL), and clinical interview, were used for diagnosis of ADHD; then the participants were randomly assigned to the three interventions groups of working memory training, parent training program and combination of these two interventions. Functions of participants were assessed by SNAP-IV, CBCL, Continuous performance test, Tower of London, Color-word Stroop test, Benton revised visual retention test, Rey copy and reproduction complex figure test, Wechsler intelligence scale for children-fourth edition (WISC-IV), Go - no -go test, and Wechsler memory test. For working memory training WMT software, and for parent training program, Barkley’s model, were used. Findings: Results of MANCOVA tests and multiple comparison tests demonstrated that combination treatment (working memory training/parent training program) were more effective than each of them in improving executive functions and decrease of clinical symptoms in children with ADHD. Keyword: ADHD-working memory- planning- cognitive inhibition-behavioral inhibition- sustained attention- working memory training- parent training program- combination treatment

Scientific title
Effectiveness of working memory training, Barkley’s
Parent training program, and combination of these two interventions on improvement of working memory in children with ADHD

**Public title**
Effectiveness of working memory training, Barkley’s parent training program, and combination of these two interventions on improvement of working memory in children with ADHD

**Purpose**
Treatment

**Inclusion/Exclusion criteria**
To do so, 36 participants with ADHD (aged between 6 to 12 years), from special clinic of Ebn e Sina hospital were selected by available sampling method

**Age**
From 6 years old to 12 years old

**Gender**
Both

**Phase**
N/A

**Groups that have been masked**
No information

**Sample size**
Target sample size: 36

**Randomization (investigator’s opinion)**
Randomized

**Randomization description**
Not blinded

**Blinding (investigator’s opinion)**
Not blinded

**Blinding description**
Not used

**Placebo**
Not used

**Assignment**
Parallel

**Other design features**

**Secondary Ids**
empty

**Ethics committees**

1) **Ethics committee**
Name of ethics committee
Ferdowsi University of Mashhad
Street address
Ferdowsi University of Mashhad
City
Mashhad
Postal code
Approval date
2011-07-15, 1390/04/24
Ethics committee reference number
1640

**Health conditions studied**

1) **Description of health condition studied**
Attention-deficit hyperactivity disorders

**ICD-10 code**
F90

**ICD-10 code description**
Attention-deficit hyperactivity disorders

**Primary outcomes**

1) **Description**
Working Memory

**Timepoint**
Pre and post

**Method of measurement**
CBCL- SNAP-Benton visual motor retention test(BVRT)- Rey complex figure test and recognition trial(RCFT)-Digit span subtest-

**Secondary outcomes**

1) **Description**
Inhibition- Organization

**Timepoint**
Before and after intervention

**Method of measurement**
STROOP test- TOWER of London test

**Intervention groups**

1) **Description**
45 min working memory training for 2 session per week

**Category**
Other

2) **Description**
The parent training program was carried out based on Barkley’s model one session in the per week and for 2 mouthths

**Category**
Behavior

3) **Description**
8 individual sessions PT (for Parent) and 8 individual sessions WMT (for child) were conducted

**Category**
Other
