Health conditions studied

1

Description of health condition studied

Effect of nursing education

ICD-10 code

ICD-10 code description

Primary outcomes

1

Description

correct application of humidifiers

Timepoint

2weeks education, 6 months after education

Method of measurement

observation and record in chek list

Secondary outcomes

1

Description

correct application of humidifiers

Timepoint

6 months after education

Method of measurement

observation and record in chek list

Intervention groups

1

Description

Nurses education: After primary assessment of ventilator`s humidifiers, nurses will be educated about correct application of humidifiers and then will be evaluated the education program effect on them.
