Evaluation of the effectiveness of preemptive analgesia in combination of Pregabalin, Acetaminophen, Naproxin, Dextrometorhan in Radical neck dissection in Cancer institute of Imam khomeini Hospital

Protocol summary

Summary

A double blind randomized clinical trial, in head and neck surgeries, has been designed to evaluate the preemptive analgesia efficacy of combination of Pregabalin, Naproxin, Acetaminophen and Dextrometorphan to reduce the post operative pain and opioid consumption. Inclusion criteria: patients aged 18-60 years old; ASAps I; candidated for radical neck dissection surgery. Exclusion criteria: history of addiction; ASAps II and more; A drug history of anti convulsant and anti depression; history of gastrointestinal problem and chronic neck pain before surgery. Method: Patients had been divided in two groups, each 40 randomly by age, sex and weight. The case group recieved the combination of Pregabalin, Naproxin, Acetaminophen, dextrometorphan orally, 1 hour before surgery, which dosage according to the weight. For all patients in both groups, the same anesthetic procdure has been used. After finishing the surgery, when the patients has been transfered to recovery then surgery ward, the pain score, the firt time that patients need analgesia and the total dose of morphine in 24 hours has been evaluated and compared between two groups.

Health conditions studied

1

Description of health condition studied

Postoperative pain

ICD-10 code

R52.0

ICD-10 code description

Acute pain

Primary outcomes

1

Description

Pain score

Timepoint

At the interance to ward and after 2, 4, 6, 8, 12, 24 hours

Method of measurement

Universal Pain Assessment Tools (UPAT)

Secondary outcomes

1

Description

Total dose of morphine during 24 hours

Timepoint

At the end of 24 hours

Method of measurement

Patient's medical records

Intervention groups

1

Description

to interventional group: pregabalin (2.5 mg/kg)
dextrometorphan (0.3 mg/kg) Naproxin(7mg/kg),
acetaminophen (15mg/kg) orally 1 hour before surgery.
