The Comparison of the effects of Goleghand and foot reflexology on constipation among the elderly

Protocol summary

Summary

This study aimed to compare the effects of Goleghand and foot reflexology on constipation among the elderly referred to the specialized clinic in 22 Bahman hospital of Gonabad. Research community study (60 to 75 years) who acquired ROME III criteria for the treatment of constipation and are referred to the clinic 22-Bahman Hospital. They are based on at least two of the questionnaire ROME III criteria diagnosed with constipation and considering the inclusion and exclusion criteria were enrolled in the study. The sample size based on previous studies with regard to statistical formulas 30 patients in each group was determined. Reflexology group twice daily for 5 minutes each time, will do 2 weeks. The action for women and for men by helping Pzhvhshgraqa will be done by Research assistant. The intervention group received Goleghand, the consumption of Goleghand for half an hour before lunch (a teaspoonful in a cup of boiling water and after cooling) will be for 2 weeks. Daily consumption of Goleghand on your phone to remind and will ensure appropriate use. The subjects are asked to your bowel habits (number of stools, bloating, abdominal pain and vomiting) daily in a register office. Data weekly for 2 weeks by the investigator to be collected.

Health conditions studied

1

Description of health condition studied
constipation

ICD-10 code
K59.0

ICD-10 code description

Primary outcomes

1

Description
flatulence

Timepoint
Before treatment, during treatment and 2 weeks after the intervention

Method of measurement
Bowel habits check list

Secondary outcomes

1

Description
Vomit

Timepoint
Before, during and two weeks after intervention

Method of measurement
Bowel habits check list

Intervention groups

1

Description
In the Goleghand group, before a lunch, a teaspoonful of Goleghand juice will be mixed in a boiling water bottle and then consumed after cooling for 2 weeks. In this research, sugar beet products prepared in Green Toba Gold Company (registration number of Food and Drug Administration 462264 and license number 0359-94-Q) containing 100 grams of rose petals and honey are used. In the reflexology group, after the preparation of the legs, reflexology massage in the specific area of the constipation on the foot of the foot will be performed twice daily, every 5 minutes for 2 weeks.
