Title and more details about the data/document

The whole data will be published after the unidentifiable individuals are shared, which will be published as the final report and article

When the data will become available and for how long

Starting available 6 months after the publication of results

To whom data/document is available

Researchers working in academia and those working in the industry can apply for them.

Under which criteria data/document could be used

Anyone who wishes to use the articles to be retrieved is possible with email.

From where data/document is obtainable

by Email address
