Iranian Registry of Clinical Trials

17 Sep 2026

The effect of self-compassion training on mental well-being and life satisfaction in women with experience of divorce

Protocol summary

Study aim

The effect of self-compassion training on mental well-being and life satisfaction in women with experience of divorce

Design

This study is a non-blinded clinical trial. The research population includes all divorced women registered in the CIB system of the Ilam health center and marital and divorce offices in Ilam, 2017. Seventy eligible patients will be selected conveniently and will randomly be assigned to two intervention and control groups.

Settings and conduct

This study will be conducted at the marriage and divorce offices of the Ilam city. Before the start of the study, the participants will be provided with the questionnaires by the researcher's colleague. The intervention group will receive self-compassion training.

Participants/Inclusion and exclusion criteria

Inclusion criteria: ; Experience of divorce just once
Exclusion criteria: using psychotropic drugs; Not having at least reading literacy (illiteracy)

Intervention groups

The intervention group will receive eight 90-minute group education sessions of compassion training (one session in a week). The control group will not receive any intervention.

Main outcome variables

Psychological well-being, life satisfaction

Title and more details about the data/document

The main outcomes of the study will be shared.

When the data will become available and for how long

3 months

To whom data/document is available

If requested, results will be made available to other academic researchers

Under which criteria data/document could be used

If the data can be helpful in new clinical trials, it will be available to the authors of the articles

From where data/document is obtainable

To receive the documentation, email send for update manager

What processes are involved for a request to access data/document

In a 15-day period, the documents will be sent e-mail
