Health conditions studied

1

Description of health condition studied

Diaper dermatitis

ICD-10 code

L22

ICD-10 code description

Diaper [napkin] dermatitis

Primary outcomes

1

Description

severity of diaper dermatitis

Timepoint

before treatment, days of 3 and 7 after treatment

Method of measurement

6-point scale for severity of diaper dermatitis

Secondary outcomes

1

Description

healing time for diaper dermatitis

Timepoint

healing time for diaper dermatitis

Method of measurement

6-point scale for severity of diaper dermatitis

Intervention groups

1

Description

group1: using topical application of hind milk after diaper change

Category

Treatment - Drugs

2

Description

group2: using topical application of Hydrocortizone 1%

Category

Treatment - Drugs
