Health conditions studied

1

Description of health condition studied

Dark circles under eyes

ICD-10 code

H02.71

ICD-10 code description

Chloasma of eyelid and periocular area

Primary outcomes

1

Description

The level of darkness of dark circles

Timepoint

The level of darkness is measured at the beginning of the study, then one month and two months later.

Method of measurement

Using Visioface 1000D

Secondary outcomes

empty

Intervention groups

1

Description

Intervention group: Participants in this study receive a cream formulation of castor oil 50% prepared at Shiraz School of Pharmacy. The dose of medication is twice a day for two months.
