Unified protocol for transdiagnostic treatment of emotional disorders in adolescents

Protocol summary

Study aim

Investigate the efficiency of the Unified protocol of transdiagnostic treatment for adolescent emotional disorders.

Design

The clinical trial is a single-subject experimental study, without a control group, voluntary and available sample selection method, non-random sampling, sample size of 10 people, including 5 female students and 5 of their parents, who are among the people who meet the entry and exit criteria of the project. have been selected, phase 2 on 10 participants.

Settings and conduct

The participants were selected based on the entry and exit criteria and participated in 13 to 21-session treatment sessions, integrated meta-diagnosis, which includes 8 modules, and each module can be implemented in several sessions at Shahid Motahari Girls' School in Tehran. At the beginning of module 1, at the end of module 4 and 8, and at the 1/5 month follow-up, the evaluations were repeated.

Participants/Inclusion and exclusion criteria

The research sample using the accessible method includes 5 students with entry conditions: 13-16-year-old girl living in Tehran; having social anxiety disorder; and exit conditions: no simultaneous participation in other treatment; Absence of suicidal or suicidal thoughts, drug and alcohol abuse, absence of psychotic disorder of self or parents, absence of major academic failure, absence of history of psychiatric hospitalization in the last 6 months, education below 9 grades and absence of participation in at least 3 modules of treatment.

Intervention groups

The therapeutic intervention of the Unified protocol for the transdiagnostic treatment of adolescent emotional disorders has been implemented on 5 adolescent girls and their parents (mother).

Main outcome variables

Social anxiety; Depressive symptoms

Title and more details about the data/document

All the obtained data, except the identification information of the people, will be presented in the review of the individual subjects and their results.

When the data will become available and for how long

The access period will start in the second half of 1402.

To whom data/document is available

for everyone

Under which criteria data/document could be used

There are no special conditions.

From where data/document is obtainable

Theses center is located in the library of Shahid University

What processes are involved for a request to access data/document

It is possible by presenting a student card or a research certificate to the library of Shahid University during office hours.
